

MARLA WEINHOFF STUDIO

Event Design

We are known for our installations in the world of Fashion, Music, and Art. Recent work partners include Maison St. Germain for Art Basel, Versace Versus, Brandon Maxwell, Lady Gaga & Many More.

We use dramatic architectural design and unique custom hand made elements to transform spaces to concisely align with the brand's vision. Our years of experience in creating environments and backdrops has given us the vocabulary to create settings perfect for creating any type of content. Whether it's a luxury or more of a mass market brand, we understand what it takes to make each event special in real life and on social media.
